Third Grade Curriculum
Academic Program

Religion /Scripture
The religion program focuses on spiritual formation. The primary text series is *Faith and Life*, published by Ignatius Press. A comprehensive Catholic program combines beautiful classical and original art work with a solid doctrinal and scriptural presentation. These texts according to Bishop Thomas Muldoon are unsurpassed in lucidity of doctrine, in fidelity to God’s revelations, and in stimulation of real interest and love for the Faith.

*Our Life with Jesus*, published by Ignatius Press

Aim
To show the third grade students that they belong to God’s chosen people and that the child’s family is an important part of God’s family, the Church. In addition, to encourage prayer and love for God’s law, and on the importance of Scripture and the Catechism of the Catholic Church.

Theme
God’s plan of salvation from creation to the Incarnation and Redemption to the birth of the Church at Pentecost and our life in the Church. Special emphasis on the importance of Confession, Communion, and the Mass.
**Sequence**

Ch. 1-7: The Old Testament covenant with God.

Ch. 8-14: Obedience through the love of God and his laws. In Confession, we meet Jesus in His mercy.

Ch. 15-25: The life of Jesus and Jesus in the Sacrifice of the Mass.

Ch. 26-30: Our part in the Church born of the Holy Spirit; our relationship with Mary and the Communion of Saints.

**Reading/Language Arts**

This research based program gives students the means to become independent readers by:

- Developing phonetic awareness
- Developing comprehension
- Practicing skills in writing
- Promoting fluency

Open Court Collections for Young Scholars transcends traditional reading programs, when it deviates from a controlled limited vocabulary and uses authentic literature.

**Features of this series**

Award winning fiction and non-fiction selections from renowned writers and illustrators.

- Science and social studies themes
- A moral or virtue value in every story
- Systematic instruction organized in unit themes around engaging concepts.
- Phonics, comprehension, and writing built into every lesson.

Selections include:

- Poetry
- Riddles
- Fiction
- Character tales
- Folktales
- Plays
- Nonfiction
- Art
Reading/Language Arts continued
This series stresses all the traditional reading skills that develop fluent readers. It then goes beyond the mechanics of reading, and stretches the mind and imagination of the reader. The goal of the series is to develop critical, independent readers.

Supplemental Readers
† Bennets Book of Virtues for Young Children
† Lives of the Saints for Children
† Quick Reads (Fluency Program)
† Novels
† National Geographic Publications

Themes of the third grade text are:
† Music and Musicians † Friendship
† Ancient Civilization † Imagination
† Taking a Stand † Storytelling
† Perseverance
† Ecology
† Value

Writing
Third graders learn to use writing as a means of expression. Focus is on the use of appropriate grammar and sequence. Students will learn to write:
† Narrative, expository, and persuasive essays
† Use vivid language and sensory images
† Journals
† News articles
† Poetry
† Book reports
† Friendly letters
† Daily grammar/language activities
**English**

A firm grasp of the structure and use of language is critical to successfully harnessing the power of the written word. Mastery of proper grammar, usage, and mechanics is the goal of the comprehensive grammar program in *Shurley English*. The exercises in the English workbook provides the added reinforcement students need. Skills developed or reinforced in the third grade:

- Possessive pronouns
- Types of adverbs
- Demonstrative pronominal
- Compound subject
- Compound predicate
- Combining sentences
- Classifying simple and complex sentences
- Abbreviations
- Direct quotations

**Listening/Speaking**

The *Shurley English* series incorporates listening, speaking, and writing as an integrated whole. Students will:

- Listen for understanding
- Follow directions
- Recall information
- Enunciate
- Use enriched vocabulary
- Express feelings
- Share ideas
- Tell and retell stories
- Give oral reports
- Make introductions
- Participate in discussions for their own pleasures
Handwriting
Legible cursive handwriting will be developed through daily practice using the Zaner Bloser Handwriting Program.

Spelling
Spelling skills are integrated with reading and writing. Spelling skills are also taught using a solid phonic and structural analysis approach to encoding using a spelling program called Spelling Workout, published by Modern Curriculum Press.

Vocabulary
Third grade students have a developmental sensitivity for new and interesting words. The Academy’s vocabulary program provides an engaging, systematic approach to new words. Students will:
   † Understand new word meanings
   † Use new words in everyday language
   † Incorporate new words in writing assignments

Analogies
Shurley English uses 10 different analogous relationships. As they solve and create analogies, students actively process information, make important connections, use information and skills to identify relationships, construct relationships and generate new knowledge, and improve critical thinking and long-term memory.

Math
McGraw Hill’s My Math series is a hands on, activity centered, success orientated program that incorporates manipulatives and mental math.
**Math continued**

The program is based upon mastery development. The students develop a solid foundation in the language and basic concepts of mathematics. Students will:

- Compare and order numbers
- Develop strong number sense
- Identify and complete patterns
- Understand place value and our base ten number system
- Solve problems-real world situations
- Master all basic addition and subtraction; multiplication, and division facts
- Master addition, subtraction, multiplication, and division algorithms
- Add and subtract fractions with same denominators
- Measure, capacity, mass, and length
- Tell time to the minute
- Make change for a dollar
- Graph ordered pairs on a coordinate graph
- Create, read, and write observations from graphs
- Interpret Venn diagrams and line graphs

**Science**

The Macmillan/McGraw-Hill Series provides a blend of concepts, inquiry, and hands-on content. Children are exposed to the process skills needed to form and test hypothesis:

The units taught are:

**Life Science**

- Plant structure and function
- Animal structure and functions
- Energy and ecosystems
- Surviving in an environment
Science continued

Physical Science
† Measuring matter
† Force and motion
† Electricity and magnetism
† Light and sound

Earth Science
† Earth changes
† Using Earth’s Resources
† Changes in weather
† Planets, moons, and stars

Supplemental Readers
† National Geographic Theme Sets
  Shaping Earth’s Surface
  Animals and Their Habitats
  Energy

Social Studies
Macmillan/McGraw-Hill prepares students for informed participation in tomorrow’s America. This comprehensive social studies program presents a mixture of history, geography, economics, citizenship, and culture. The third grade text, Communities, covers themes that focus on:
† Where you live effects how you live (geography)
† Changes over time
† How people change communities (culture)
† Communities at work
† Communities and government
† Illinois our state
Social Studies continued
A comprehensive map skills program from National Geographic called Map Essentials covers map skills. Units covered in third grade
- Aerial maps
- Globes and maps
- Compass
- Hemisphere
- Mapping landforms
- Community maps
- Inset maps
- Agricultural product maps
- Mapping a story

Supplemental Readers
- National Geographic Theme Sets
  Communities and Their Locations
  Providing Goods

Health
Students will develop an understanding of personal health and safety issues such as:
- Good eating habits
- Proper rest and exercise
- Good hygiene
- Disease and injury prevention

Computer Science
Code.org enables students to become algorithmic thinkers as they work through puzzles with increasing complexity in the computer lab.
**Library**

Students come to the library weekly to check out books at their reading level. When research projects are assigned, students are directed to the appropriate subject matter.

**Physical Education**

Third grade students learn to move their body through space with greater speed, agility, and accuracy. They will master basic motor skills and explore factors that affect a healthy lifestyle. Students will engage in activities such as:

- Locomotor skills such as skipping, hopping, jumping, throwing, and catching
- Maintain personal fitness
- Balancing, tumbling, and climbing
- Following more complex patterns of movement in games

Volleyball and basketball intramural sports are offered in the fall and spring respectively. Students practice after school and end the weekly session with a game.

**Art**

The art program exposes children to a variety of art forms and artists. Students will:

- Learn about the artists and their styles
- Express their individually through art
- Learn to interpret artistic works
- Use a variety of media and tools
- Show an awareness of size, color, and texture within a composition
**Music**

Third graders will enjoy:

- Expressing themselves in song
- Read musical notes and rhythm patterns
- Distinguish elements of music
- Interpret musical compositions
- Perform in a musical program

Students have the option of joining the choir which meets just before normal school hours one day each week. The choir performs two concerts each year. Inclusion in the choir is indicated on the report card.

Band and choir are offered on an extra-curricular basis.

**Spanish**

¡Viva el Español! The curriculum, by McGraw-Hill, is organized by thematic units. The program uses songs, games, natural conversation, and role-playing to create a fun, non-threatening environment for young learners of Spanish.
General Information

Reports Cards/Progress Reports
Students will receive a report card at the end of each ten-week marking period. All students will receive a progress report at the end of the five-week point or halfway through the marking period.

Parent Conferences
Parent conferences are scheduled for late October. However, parents may schedule a separate conference at anytime.

Homework
For children to achieve mastery, reinforcement is absolutely necessary. Homework is assigned, as needed, for practice and special projects. Expect to give some assistance to second graders. Use lots of praise and positive reinforcement. Help your child succeed by:

- Providing a quiet area for study
- Discourage or prohibit TV on school nights
- Read to your child
- Listen to your child read
- Provide nutritious meals and plenty of exercise
- Schedule sufficient rest (9 hours for 3rd graders)
- Show an interest in school activities
- Keep communication lines open with the school
SchoolSpeak
Kindergarten - 8th Grade

SchoolSpeak is an online communication tool which allows parents and students to view homework, newsletters, grades, and report cards. Parents and teachers can easily message each other when the need arises.
